

# Attention Parents!!

**WebSafety** protects children & saves lives!

- Our mission is to *empower* parents to protect their children in the dangerous online, wireless and real worlds.
- We offer an easy-to-use, affordable, high-tech solution that *empowers* you with unmatched Internet and cell phone protection and *unlimited legal support*.
- WebSafety is the most complete Protection Package available today!

## Cell Phone Protection

- **STOPS** texting while driving, detects your child's phone when moving more than 10 MPH, preventing texting capabilities
- **ALERTS** you when any vehicle your child is in goes over a speed limit you previously set
- Only **MONITORS** messages for dangerous/obscene words, phrases and photos
- **NOTIFIES** you via text and email with a "**Danger Alert!**" whenever a key word/phrase is detected
- Software cannot be uninstalled or disabled without your permission
- Set **NO TEXT ZONES** that disables the texting features on your child's phone during specified times/locations
- **BLOCKS** porn from being viewed on phone's Internet browser
- **GPS TRACKING** of your child's location, hour by hour

  
**WebSafety**  
Independent Representative

## Revolutionary Word Recognition Software

Uses a database of 4000+ words, phrases and "Net-lingo" to identify potential threats to your child's safety and well-being. Database is updated daily with new words and phrases!

## Computer & Internet Protection

- **ALERTS** parents of obscenity and dangerous activity
- **BLOCKS** pornography before it can be viewed
- The **ONLY** software that actively scans and monitors all of the following: email, IM, social networking sites, word documents and chat programs
- **INSTANTLY NOTIFIES** you via text & email with a "**Danger Alert!**" the moment there is a concern
- **TRANSLATES** Net-lingo into understandable language
- Allows you to create a family-and-friends **SAFE LIST**

**For a Free Informative Video, or Live Demonstration**
